

RELEASE to State Associations  
February 2011

Greetings from ASHA's Special Interest Group [SIG] #4 (Fluency and Fluency Disorders)!

The Task Force on Fluency Services in the Schools, sponsored by ASHA's SIG #4 for Fluency and Fluency Disorders is dedicated to addressing the needs of school-based SLPs of children and teens who stutter.

We are writing to provide you and your state association members with **NEW** resources for SLPs who work with children who stutter. For the past few years, in conjunction with the [Stutteringhomepage.com](http://Stutteringhomepage.com), the committee members have been compiling a list of free Internet resources for SLPs who work with children who stutter. Last year, our committee members contacted each state organization separately, requesting that the resource links be posted to the state association websites.

We now have another NEW resource (multicultural issues and stuttering) and hope that by communicating through the Council of State Association Presidents, we can encourage each state to include the links and the introduction paragraph (see below).

Link#1: Internet Resources for SLPs who work with Preschoolers

**[Link#3: Stuttering in Other Cultures/Stuttering and Bilingualism](http://www.mnsu.edu/comdis/kuster/cultures.html)**  
**RECENTLY added Link:**

These collections contain Internet links to free resources for clinicians and families of children who stutter. The resources were compiled by current and past ASHA Special Interest Group #4 School Committee members. Special appreciation is extended to Stuttering Homepage webmaster, Judith Kuster for working with both committees to post these resources on the Stuttering Home Page!

Please share this information with all of your colleagues and feel free to post them on your state association websites. If you have any questions or comments, please feel free to contact Sheryl Gottwald, SIG #4 Steering Committee Coordinator, at [sgottwald@comcast.net](mailto:sgottwald@comcast.net).
